Nigerian Programmes (Project title should be used as link to each projects)

Project title: NIGERIA COMPETITIVENESS SUPPORT PROGRAMME
FA signature: 30/04/2013
CRIS ref: 2012 / 022-911
Total budget: EUR 230 500 000
EU contribution: EUR 19 000 000
WB/DFID contribution: USD 270 000 000
NGA Government: USD 3 000 000
GIZ/BMZ contribution: EUR 150 000
Implementation period: 4 years (2013 – 2016)
Implementing agencies: GIZ, DFID and UNIDO - (Components 1, 2, and 3 respectively)
Geographical region: Nationwide

Objectives:
To support effective management of trade policy and trade facilitation, improve business and investment climate and support the set-up of a National Quality Infrastructure (NQI).

Expected Results:
Component 1: Strengthening Trade Support Institutions;
Component 2: Improving Business and Investment Climate;
Component 3: Improving Quality Infrastructure.

Main Activities:
- Training and mentoring on trade related issues, strategic planning, human resources;
- Reinforce the capacity of the Nigeria Customs;
- Pilot projects on trade facilitation;
- Supporting the development of an effective competition policy framework;
- Implementation of four land registration pilot projects in selected states;
- The promulgation of a National Quality Policy (NQP);
- Establishment of a National Accreditation Body (NAB);
- Improve capacity of consumer associations to defend consumer rights on product quality.

Main accomplishments to date:
- Support to the Federal Ministry of Industry Trade and Investment (FMITI) for the WTO ministerial conference in Bali and additional training in technical issues (tariff modelling);
- Progress in establishing the National Accreditation Body, National Metrology Institute and Technical Regulations Committee;
- Investment Component started with a focus on Kano (land registration and licencing processes) and competition policy.

Project title: ENERGISING ACCESS TO SUSTAINABLE ENERGY IN NIGERIA
FA signature date: 20/2/2014
CRIS ref: FED/2011/023-551
Total budget: EUR 40 400 000
EU contribution: EUR 27 000 000
Other contributions: EUR 2 300 000 – GIZ/BMZ contribution
Implementation period: 5 years
Implementing agency: GIZ and NGOs (Oxfam Novib & ISSCeReR UMYU),
Geographical region: Nationwide and 5 Selected States (TBD)
Objective:
To improve the enabling conditions for increased use of renewable energy (RE), for a more efficient use of energy, and for small scale commercially viable solutions for flared gas utilisation.

Expected results:
1. Improved federal policy framework for energy access with a focus on renewable energy (RE) energy efficiency (EE);
2. Selected State Governments enhanced capacity to plan and implement access to energy measures, focused on the use of RE and EE;
3. Enhanced institutional and professional capacity of the National Power Training Institute of Nigeria (NAPTIN) with a focus on RE and EE;
4. The commercial viability of small-scale gas processing in the Niger Delta region demonstrated;
5. Increase in farmer managed RE production.

Main activities:
- Support the drafting of Federal and State energy master plans, mainly for the inclusion of RE and EE, and raise awareness on these issues;
- Strengthen technical capacities of 6 State governments, LGAs, NAPTIN and other institutions in the power sector;
- Demonstrate the commercial viability of RE through the implementation of 12 pilot projects;
- Demonstrate alternative options for small scale utilisation of flared gas, in Rivers' State;
- Improve the management of wood resources through on-farm planting and regeneration of trees in Katsina State.

Main accomplishments to date:
- Oxfam Novib Netherlands and Ibrahim Shehu Shema Centre for Renewable Energy Research of the Umaru Musa Yar'Adua University Katsina have signed the grant contracts and started implementation of Component 5;
- Inception workshop carried out to sensitize stakeholders and the public on the objectives and expected results of the project intervention in Katsina State.
- Five focal states selected (Ogun, Cross Rivers, Plateau, Niger and Sokoto);
- MOU for rural electrification planning and pilot projects in Ogun, Cross River and Niger State;
- Technical Steering Committee (TSC) has approved the annual work plan and progress report.

Project title: EU SUPPORT TO FEDERAL GOVERNANCE REFORM PROGRAMME (SUFEGOR)
FA signature date: 27/06/2012
CRIS ref: 2011/022-893
Total budget: EUR 20 000 000
EU contribution: EUR 20 000 000
Other contributions: NIL
Implementation period: 5 years
Implementation agency: Bureau of Public Service Reform
Geographical region: 5 Federal Government agencies in Abuja

Objective:
To improve coordination of government's public service reform and strengthen capacity of 5 federal agencies responsible for policy planning, revenue generation, performance monitoring and development of statistics.
Expected results:
- Roles of agencies are clearly defined and coordination of the reform process is effective;
- Improved capacity for policy planning and forecasting;
- Comprehensive and disaggregated statistics widely available for planning;
- Medium Term Sector Strategy based approach is adopted for annual budget preparation;
- Improved capacity for monitoring and evaluation of policy performance;
- Public finance management (PFM) systems in use for accounting, recording and reporting purposes;
- Improved capacity to increase revenues from taxation.

Main activities:
- Provision of technical assistance to support the 5 beneficiary agencies in the following areas:
  - Development of legal and administrative framework to coordinate reform process;
  - Review of baseline indicators and preparation of multi-annual operational plans for implementation public service reform;
  - Development of macro-economic forecasting and modelling, update of database and disaggregation of data to reflect the entire economy;
  - Development of training modules and carrying out various trainings to enhance capacity of personnel.
- Delivery of ICT, office equipment and software including provision of ancillary services to support the 5 beneficiary agencies towards:
  - Establishment and implementation of integrated financial management system including strengthening in-house skills for optimal use of this system;
  - Establishment of integrated payroll system and ICT applications for: performance monitoring & evaluation and statistics networking.

Main accomplishments to date:
- Conducted training for imprest account holders and focal officers of the project to enable them manage effectively the implementation of the Programme Estimate for operational activities
- Short term experts mobilised under the TA service contract to facilitate training of staff of beneficiary agencies across focal areas of the project;
- Under Programme Estimate No 1, a number of trainings have either been concluded or on-going for staff across the 5 beneficiary agencies. These trainings cover such areas as: PFM, Public Sector Reform, Performance Management, Economics & Statistics and Quantitative & Qualitative Research Methods.
- Delivery and installation of office and ICT equipment to the 5 agencies commenced on 10 March 2015; it is expected that the equipment will be fully delivered and installed by May 2015.
- Assessment of needs across the 5 agencies for ICT software, to be installed in the hardware being delivered, will be completed by 24 March 2015;

Project title: SUPPORT TO STATE AND LOCAL GOVERNANCE REFORM PROGRAMME (SLOGOR)
FA signature date: 29/10/2012
CRIS ref: 2011/022-731
Total budget: EUR 60 000 000
EU contribution: EUR 60 000 000
Other contributions: NIL
Implementation period: 5 years
Implementation agency: World Bank
Geographical region: 6 states across the 6 geopolitical zones in Nigeria

Objective:
To improve capacities and processes at state and local government levels towards improvement in transparency, accountability and quality of public finance and human resource management systems.

**Expected results:**
- Legal and policy framework for management of public finances is improved and used to regulate budgeting process;
- Improved capacity for policy planning and budgeting;
- Operational and technical capacities of Public Finance Management (PFM) agencies to carry out their mandates in the budget cycle are improved;
- Transparent and accountable procurement systems are in place and ready for use across the 6 states;
- Improved quality and timeliness of external audit and oversight;
- Revenue administration and payroll systems are established and put in use in 6 states;
- Studies for devolution of authority to local governments carried out, road maps for implementation formulated and adopted across the 6 states.

**Main activities:**
- Support drafting of PFM legislations and development of medium term expenditure framework (MTEF) & medium term sector strategy (MTSS) as basis for annual budget preparation and execution;
- Support for capacity building for members of the legislature in each state particularly in carrying out their mandates of budget scrutiny and oversight;
- Support implementation of Integrated financial management system (IFMIS) including new charts of accounts, information security system and computerisation of accounting and financial reporting systems;
- Support government's implementation of public procurement laws and establishment of regulatory agencies to ensure compliance in the procurement process;
- Support review and modernisation of audit methods, techniques and reporting; also, organisational structure and review the capacity of revenue agencies in each state;
- Support study on devolution of authority to LGAs and provide assistance in development of road map for implementation of study report in each state.

**Main accomplishments to date:**
- Signature of Grant Agreement between the World Bank and FGN and Subsidiary Agreements between the 6 beneficiary states and FGN in December 2014.
- Effectiveness of the project in 6 beneficiary states commenced in February 2015 with WB approval of work plans prepared by the states; the work plans have been shared with EUD.
- WB has commenced release of funds to the 6 states in order to kick-start project activities.

**Project title:** EU NIGER DELTA SUPPORT PROGRAMME (NDSP)
**FA signature date:** 29/10/2012
**CRIS ref:** 2011/022-910
**Total budget:** EUR 377 855 000
**EU contribution:** EUR 200 000 000
- Components 1 & 2 EUR 80,000,000
- Components 3 & 4 EUR 120,000,000
**Other contributions:** EUR 177 855 000
**Implementation period:** 5 years
**Implementation agency:** Components 1 & 2 World Bank
- Components 3 & 4 UNICEF, Technical Assistance Team
**Geographical region:** 4 states in Niger Delta region in Nigeria
Overall objective:

To contribute to mitigating the conflict in the Niger Delta by addressing the main causes of the unrest and violence - bad governance, (youth) unemployment and poor delivery of basic services.

COMPONENTS 1&2 – MANAGED BY OPERATIONS 1

Objective:

To promote youth employment, access to socio-economic services and public finance management in the 4 Niger Delta states

Expected results:

- Increase in the number of youths employed and in public works activities implemented by youth groups in participating states;
- Youth empowerment increased access to skills acquisition and improved quality of skills acquired and employability of graduates;
- Achievement of national accreditation of selected technical and vocational training (TVT) courses;
- Improved access to basic services through community driven initiatives/micro projects in health, education, rural roads and rural energy, environment and sanitation, rural enterprise and livelihood activities;
- Fiscal Responsibility, Public Procurement and Budget Laws reviewed, updated and submitted for approval to the State Houses of Assembly;
- Improved efficiency and management of public financial resources and more transparent allocation of resources for service delivery;
- Improved personnel and payroll controls, financial reporting, expenditure controls and audit;
- Strengthened public procurement systems and processes.

Main activities:

- Support Youth Employment through small public works contracts and institutional strengthening including capacity enhancement of youths in skills acquisition (numeracy, employability and livelihood skills);
- Fund the scaling up/expansion of Community Driven Development (CDD) activities using the Community and Social Development Project (CSDP) and Fadama Structures;
- Support grants to technical, vocational and agricultural training institutions;
- Support public finance management legislation;
- Strengthen systems and processes for budget execution, accounting, expenditure control and financial reporting;
- Support internal and external audit systems and processes;
- Support state integrated financial management information system (SIFMIS) and public procurement reforms;
- Support both federal and state levels institutions in implementation support and coordination.

Main accomplishments to date:

- 30% of 2014 work plans implemented across the 4 states; the remaining 70% has been rolled over to 2015 work plans, which approval by States’ Steering Committees and WB is still pending.
- About 4900 youths working on 80 road projects have been employed, representing 60% of Year 1 target for this sub-component;
- Renovation of over 30 technical and vocational colleges is on-going, for which most of Year 1 funds have been disbursed
- Over 30 Farmers’ cooperative associations registered and supported with grants, implementing several agricultural projects in rural communities.
COMPONENTS 3&4 – MANAGED BY OPERATIONS 3

COMPONENT 3

Expected results
Improved institutional, policy, legal and financial framework in the water and sanitation sector in the five states, including an enhanced role and participation of the civil society.

Main activities:
- Strengthening of sector internal organisational structure for improved service delivery in urban/small towns and rural area;
- Review of sector policy, legal and regulatory framework;
- Improve water service delivery in 2 target LGAs of each state.

Main accomplishments to date:
- LGA and community selection concluded and other preliminary project activities under the contribution with UNICEF;
- Sanitation component using Community-Led Total Sanitation (CLTS) approach under implementation in many of the beneficiary communities;
- Baseline survey completed;
- Works tender dossier for urban and small towns finalized;
- Evaluation report for award of Grant contracts ready for transmission to NAO;
- MOUs for all five States signed.

COMPONENT 4

Expected Results:
- Strengthened community governance through the adoption of Community Development Action Plans (CDAP) by communities and Local Government Authorities (LGAs);
- Increased equitable access to basic infrastructure services by women, men, boys and girls;
- Increased equitable access to income generating options and sustainable livelihood development by women and men;
- Improved social cohesion among village communities.

Main activities:
- Sustainability plans developed and executed by communities in partnership with LGAs and establishment of Project Implementation Committees (PIC) in the procurement for the basic infrastructures in that community;
- Training in operation and maintenance of infrastructure for the PICs and technical training to commodity groups in communities;
- Micro-project proposal developed by commodity groups with support from communities, CSOs and respective business organizations;
- Identification of communities where there is need for specific actions on social harmony and cohesion as well as conflict prevention activities and definition of the strategy to be adopted to tackle conflict reduction/prevention.

Main accomplishments to date:
- PMU fully operational with office space provided by Imo State;
- Selection process of target LGAs in all beneficiary States completed;
- Identification of community projects in the 9 States completed;
- Tender dossier for the micro projects reviewed, and awaiting finalization.
Project title: SUPPORT TO THE OFFICE OF THE NAO III
FA signature date: 07/03/2011
CRIS ref: 2010/021-980
Total budget: EUR 4 500 000
EU contribution: EUR 4 500 000
Other contributions: None
Implementation period: 2011-2017
Implementing agency: National Planning Commission (NPC)
Geographical region: Nationwide

Objectives:
The objective is to contribute towards poverty reduction through improving governance, increased accountability and more effective utilization of Official Development Assistance (ODA). The specific objective of the project is to increase the capacity of the National Authorising Officer (NAO) to manage European Development Fund (EDF) funds and in donor coordination.

Expected results:
- Increased capacity of the NAO to manage EDF funds;
- Improved capacity of the NPC to coordinate donors and manage ODA.

Main activities:
- Training in project management, including but not limited to 10th EDF procedures, project cycle management, procurement, accounting and auditing to relevant staff of the NAO, SAOs (State Authorising Officers) and line ministries as required;
- Fine-tune and make operational the existing financial tracking system and establish a more efficient record keeping and archiving system;
- In support of MDAs and project offices, develop an overall procurement plan for all projects implemented;
- Technical assistance to make operational the proposed Development Assistance Database (DAD).

Main accomplishments to date:
2 programme estimates (PEs) have been implemented and the 3rd closure PE starting from 1 August 2014 has been approved. NAO capacities have been reinforced and resources allocated to man the Project Support Unit, ensure internal training programmes have been carried out and studies conducted. After a successful rider the NAO has now funds and activities until the end of January 2016.
Objectives:
The overall objective is the implementation of the government’s development strategy and efforts to attain the MDGs through the support of sound development programmes financed from the 10th European Development Fund (EDF) in the field of peace and security, good governance, trade and regional integration etc.

Expected results:
- The successful identification of programmes to be supported under the NIP;
- The successful formulation and preparation of programmes to be supported under the NIP;
- Production of sector studies that will assist in increasing the performance and efficiency of ongoing and future programming;
- Increased understanding of development and trade issues by key actors through the organization of seminars and trainings.

Main activities:
- Technical Assistance Facility (TAF) – a facility for the engagement of short to medium term consultants to assist in the main stages of the project cycle to ensure the effective implementation of the National Indicative Programme (NIP) and other EC programmes;
- Conferences and Seminars and Training Support for Projects & Programmes – this will finance various educational actions such as seminars or awareness-raising activities prior to or during the formulation/implementation of a project or programme – for example a Project Cycle Management workshop of stakeholders in a sector identified in the NIP.

Main accomplishments to date:
Of the EUR 3.5 million, EUR 1.97 million has been committed so far.
Implementing period: 44 months (16/06/2011 to 28/02/2015)
Implementing agencies: IOM, UNODC
Geographical region: Federal + 7 pilot states (FCT, Lagos, Niger, Abia, Cross River, Edo, Benue)

Objective:
The overall objective is to enhance Nigeria's capacity to manage migration in order to maximise its development potential.

Expected results:
- Governance of the migration sector is improved through the adoption and implementation of the National Policy on Migration and a migration data-management strategy to work using evidence-based instruments;
- The management of organised labour migration is improved through a strengthened legal framework, the improved capacity of the Federal Ministry of Labour and productivity to manage labour migration and the mobilisation of the diaspora for national development;
- The management of irregular migration, trafficking and smuggling from National Immigration Service (NIS) and the National Agency for the Prohibition of Traffic in persons and other related Matters (NAPTIP) is improved through improved organisational and managerial capacities, data collection and data sharing with other law enforcement agencies and support to the implementation of the respective actions plans.

Main activities:
- Training of trainers on migration policy development and management;
- Provision of equipment to different state key partners;
- Supporting Civil Society Organisations projects;
- Support of a system of registration, mapping and mobilising the diaspora for national development;
- Expansion of existing border management system.

Main accomplishments to date:
- Draft of the national policy on migration and development;
- Adoption of a national migration data management strategy;
- Establishment of a national intelligence unit at Nigeria Immigration Service;
- Adoption of the National Labour Migration Policy on 15/10/2014 by the Federal Government.
Expected results:
- Information and evidence based on drug use, drug crime and policy impact is improved and used for policy programming;
- Enhanced technical and operational capacity in front line agencies and services leading to targeted interventions on drugs and related organised crime;
- The capacity to manage drug treatment, rehabilitation and prevention is improved through the creation of a reliable network of quality drug treatment service providers available for drug users.

Main activities:
- National surveys on cannabis cultivation and on drug use;
- Support the Inter-Ministerial Committee on the formulation and implementation of the new National Drug Control Master Plan (2014-2018);
- Capacity-building activities to develop and implement the institutional strategy for National Drug Law Enforcement Agency (NDLEA);
- Training for law enforcement agencies on investigations and intelligence analysis;
- Direct support NGO working on drug prevention, treatment and care;
- Provision of equipment for centres and training of drug treatment professionals.

Main accomplishments to date:
- National surveys on cannabis started;
- Re-activation of the Inter-ministerial Committee;
- National Drug Control Master Plan 2015-2019 adopted by the inter-ministerial committee on drugs following a broad national consultative process (over 1200 participants) to elaborate the Master plan;
- NDLEA Institutional Assessment and Change Management Programme endorsed by NDLEA;

Project title: EU SUPPORT TO THE JUSTICE SECTOR IN NIGERIA
Decision date: 20/12/2011
FA signature: 27/06/2012
CRIS ref: 2011/021-747
Total budget: EUR 28 000 000
EU contribution: EUR 27 000 000
UNODC contribution: EUR 1 000 000
Implementing period: 42 months (2012/12 – 2016/06)
Implementing agency: UNODC
Geographical region: Federal level and 10 focal states (Anambra, Bayelsa, Benue, Cross River, Imo, the Federal Capital Territory (FCT), Lagos, Jigawa, Katsina and Osun)

Objectives:
The overall objective is to improve governance and compliance with the rule of law in Nigeria through improved effectiveness, accessibility, accountability, transparency and fairness of the justice system. The programme takes a comprehensive approach to reform and main stakeholders are police, prosecution, court, prisons and civil society.

Expected Results:
- Increased coordination and sector policy development within the justice sector;
Training, research and operational capability of the justice sector developed;
Increased access to justice and respect for human rights.

Main Activities:
- Support for the implementation of the Action Plan of the Federal justice sector reform coordination committee (FJSRCC);
- Support for the implementation of 10 States Action Plans for Justice Sector Reform;
- Training and capacity development on, inter alia, human rights, ethics and gender and child justice for training of judicial, police, legal and prisons training institutions and professionals;
- Capacity development to decrease pre-trial detention and prison congestion;
- Mapping of NSAs and support for NSAs rights awareness raising and legal aid activities;
- Support for strengthened accountability and integrity regime for the judiciary, Ministry of Justice, police and the prison service.

Main accomplishments to date:
- Elaboration of state reform action plans in selected pilot states;
- Strategic partnerships with relevant justice institutions, including police and national human rights commission, established;
- ICT knowledge and skills of prosecutors and other officials of the judiciary improved;
- Equipment for the establishment of the new Judicial Research Centres (JRC) procured.

**Project title:** SUPPORT TO THE NIGERIAN ELECTORAL CYCLE

**Decision date:** 20.12.2011

**FA signature:** 27.06.2012

**CRIS ref:** 2011/022-729

**Total budget:** EUR 20 000 000

**EU contribution:** EUR 20 000 000

**Implementing period:** 3 years (2012-2015)

**Implementing agency:** United Nations Development Programme

**Geographical region:** Nationwide

**Objectives**
The overall objective of the project is to contribute towards the consolidation of the democratic process in Nigeria. The specific objective is to strengthen the Independent National Electoral Commission (INEC), Civil Society Organisations and other relevant stakeholders through technical assistance, training, capacity building and material support so that they can better fulfil their respective roles throughout the electoral cycle.

**Expected Results:**
- The Independent National Electoral Commission (INEC)'s Strategic planning, policy and operational capacities strengthened;
- Improved electoral Systems (voter registration) and processes (tallying and transmission);
- Improved legal and policy framework for elections;
- Capacity of Political Parties Strengthened;
- Legal reforms and women’s empowerment initiatives to promote affirmative and women’s empowerment in politics and elections undertaken;
- Strengthened channels of civic engagement.
Main activities:

- The project provides support to key institutions in Nigeria – INEC, the legislature, political parties, CSOs and the media to support democratic consolidation in the country;
- Respond to key governance priorities e.g. review of the 1999 constitution;
- The reform and restructuring of the electoral management body – INEC;
- The development of a gender policy for INEC;
- Support to the implementation of the freedom of information act;
- Support to key legislative committees;
- Support to key activities aimed at promoting women’s political participation.

Main Accomplishments to date:

- Strategic planning, policy and operational capacities of INEC strengthened;
- Legal and Policy Framework for elections improved;
- Professional capacity of INEC staff and State Independent Electoral Commissions (SIECs) enhanced;
- Capacity of political parties strengthened;
- Improved effectiveness of targeted legislative committees and processes;
- Legal reforms and women’s empowerment initiatives to promote affirmative action and women’s empowerment in politics;
- Strengthened channels of civic engagement.

Project title: ADDITIONAL SUPPORT TO THE NIGERIAN ELECTORAL CYCLE (2011-2015)
Decision date: 10.09.2014
FA signature: 30.09.2014
CRIS ref: 2014/037-407
Total budget: EUR 15 000 000
EU contribution: EUR 15 000 000
Implementing period: 1 year (2014-2015)
Implementing agency: United Nations Development Programme
Geographical region: Nationwide

Objectives

The overall objective of the project is to increase support for the consolidation of the democratic process in Nigeria. The specific objective is to further strengthen the Independent National Electoral Commission (INEC), Civil Society Organisations (CSOs) and other relevant stakeholders through technical assistance, training, capacity building and material support so that they can better fulfil their respective roles throughout the electoral cycle.

Expected Results:

- The Independent National Electoral Commission (INEC)'s strategic planning, policy and operational capacities strengthened;
- Improved electoral Systems (voter registration) and processes (tallying and transmission);
- Capacity of Political Parties strengthened;
- Legal reforms and women’s empowerment initiatives to promote affirmative and women’s empowerment in politics and elections undertaken;
- Strengthened channels of civic engagement.
Main activities:

- The project provides support to key institutions in Nigeria: INEC, the legislature, political parties, CSOs and the media to support democratic consolidation in the country;
- Respond to key governance priorities e.g. review of the 1999 constitution;
- The reform and restructuring of the electoral management body – INEC;
- The development of a gender policy for INEC;
- Support to key activities aimed at promoting women's political participation.

Main Accomplishments to date:

- Contract signature with UNDP in December 2014.

Project title: PROMOTING WOMEN'S ENGAGEMENT IN PEACE AND STABILITY IN NORTHERN NIGERIA
Decision date: 03.10.2013
FA signature: 24.03.2014
CRIS ref: 2013/024-240
Total budget: EUR 10 000 000
EU contribution: EUR 10 000 000
Implementing period: 3 years (2014-2017)
Implementing organization: UN Women
Geographical region: Northern Nigeria (selected States)

Objectives:

The overall objective is to support the Government of Nigeria in promoting women’s engagement in Peace and Security in Northern Nigeria. The specific objective is to enhance women’s participation in peace building, emphasizing the importance of women for development and peace stability, in three selected pilot states and at Federal level.

Expected Results:

- Gendered design and implementation of peace architecture, including forums for dialogue, early warning systems and rapid response mechanisms for conflict resolution;
- Enhanced community peace-making capacities of women;
- Improved local capacity to monitor report and document human rights situations affecting girls and women in 4 States in Northern Nigeria as well as improved response to specific needs/concerns of vulnerable women and girls;
- Selective, participatory social mobilization (review of social norms) developed and implemented to prevent and mitigate risks and threats of gender-based violence in conflict context;
- Enhanced implementation of relevant UN Security Council Resolution (UNSCR) 1325 National Plan of Action on Women Peace and Security at Federal level and in the selected States;
- Enhanced inter-faith dialogue processes, resulting in decreased social tensions at LGA and ward level;
- Advocacy for key legislations on gender equality, gender violence and access to services for women and girls enhanced.

Main activities:

- Engagement with religious and traditional leaders at state and community levels in conflict-prone areas to sensitize them on importance of women in conflict management;
• Regular meetings with law-makers, security officials and religious and traditional leaders on gender equality, gender based violence and access to services for women and girls;
• Training and capacity development to women religious and peace networks on peace-building, conflict management and youth participation;
• Improve capacity of women state ministries to raise public awareness with regards to gender equality, gender based violence and access to services of women and girls.

Project title: SUPPORT TO THE FIGHT AGAINST CORRUPTION IN NIGERIA
Decision date: 20.12.2011
FA signature: 19.03.2012
CRIS ref: 2011/022-161
Total budget: EUR 35 000 000
EU contribution EUR 35 000 000
Implementing period: 5 years (2012-2017)
Implementing agency: United Nations Office of Drugs and Crime (UNODC)
Geographical region: Nationwide

Objectives:
The overall objective of this project is to promote good governance and contribute to Nigeria’s efforts in enhancing transparency, accountability and combating corruption.

Expected Results:
• A coordination mechanism for the implementation of the anti-corruption agencies (ACAs) strategy is in place;
• Legislative drafting capacity and anti-corruption laws strengthened;
• Research capacities are enhanced to facilitate an evidence-based AC policy;
• Anti-corruption law enforcement capacities are further developed;
• ACAs work effectively through joint operations based on shared data and analysis;
• ACAs effectively cooperate with regional and international partners;
• Civil society organisations’ expertise and capacity for anti-corruption are strengthened;
• Civil society anti-corruption networks expanded and strengthened.

Main Activities:
• Assisting in setting up of coordination mechanisms on anti-corruption;
• Project currently provides support to Nigeria's ongoing preparation for the United Nations Convention against Corruption (UNCAC) review scheduled to hold before the end of the year. Reviewing existing anti-corruption laws and assessing needs, bottlenecks and capacity gaps in enforcement;
• Providing support on design, provision of equipment and implementation of effective and appropriate case, data management and sharing systems.

Main accomplishments to date:
• A coordination mechanism for the implementation of the anti-corruption strategy has been set up;
• 2013 work plan finally fully implemented (late 2014).
Project title: Micro-Projects Programme In the Nine Delta States of Nigeria (MPP9)
Decision date: 2007
FA Signature: 2008
CRIS réf.: 2007/020-794
Total budget: EUR 71 500 000
EU contribution: EUR 45 500 000
State/LGA/Community: EUR 26 000 000
Implementing period: 7 years (2008 – 2016)
Implementing agency: Louis Berger/Gopa; Community Dev. Foundation
Geographical Manager: 9 Niger Delta States (Cross River, Akwa Ibom, Abia, Imo, Rivers, Delta, Bayelsa, Edo, and Ondo)

Objectives:
The overall objective of this programme is to reduce poverty of the rural and peri-urban communities in the nine Niger Delta States through the promotion of participatory and gender equitable local development governance, contributing to ensure the stability of this area and to achieve the MDGs.

Expected results:
- Strengthened community governance through the adoption of Community Development Action Plans by communities and Local Government Authorities (LGAs);
- Increased equitable access to basic infrastructure services by women, men, boys and girls;
- Increased equitable access to income generating options and sustainable livelihood development by women and men;
- Pilot integrated community development initiatives, approaches, methods and investments.

Main activities:
- Community selection and formulation of Community Development Action Plans including project selection;
- Construction of 799 micro-projects through 7 works contracts.

Main accomplishments to date:
- Supply contract for the provision of medical equipment and solar power equipment to 9 health posts in Etung implemented.
- Construction of 56 Basic Rural Infrastructure Micro-projects in Etung Local Government Area of Cross River State completed
- Construction of 99 out of 100 Micro-projects in Rivers State completed. The outstanding one project could not be completed due to security challenges.
Project title: WATER SUPPLY AND SANITATION SECTOR REFORM PROGRAMME PHASE II (WSSSRP II)

Decision date: 20/12/2011;
FA signature: 27/06/2012
CRIS ref: 2011/022-740
Total budget: EUR 94 000 000
EU contribution: EUR 80 000 000
State/LGA & Community: EUR 13 000 000
UNICEF contribution: EUR 1 000 000
Implementing period: 5 years (2012 – 2017)
Implementing agency: UNICEF (rural communities & LGAs);
NAO supported by a consortium¹ led by M/s Atkins Int'l Ltd (for urban areas and small towns)
Geographical region: 6 States - Anambra, Cross River, Jigawa, Kano, Osun and Yobe

Objective:
• To improve water policy and the institutional framework² at federal level and in six States;
• To support sector institutions (rural, urban and small towns water institutions) in the EU focal States to deliver sustainable water supply and sanitation services.

Expected main results:
• Water governance is improved at federal level and in the States i.e. policy, legal and institutional reforms implemented;
• National Water Resources Bill is finalised in the FMWR and enacted into a water law;
• Strategy for Private Sector Participation (PSP) in water and sanitation (WATSAN) delivery is developed and implemented;
• Institutional strengthening of rural & urban water institutions to deliver sustainable service;
• Improved access to water supply, basic sanitation and proper hygiene practice;
• Regular sector review is institutionalised at federal and State levels.

Main activities:
• Finalise the National Water Resources Bill and enact the National Water Law;
• Establish a national water and sanitation monitoring and evaluation system;
• Support the adoption of integrated water resources management principles;
• Finalise the State level water and sanitation policies, laws and institutional arrangement;
• Increase access to safe drinking water, basic sanitation and proper hygiene to all segments of the population in the project States.

Main accomplishments to date:
• 12 project self-selected LGAs identified. Formation of community-based institutions created and training is on-going;
• State action plan is being implemented with assistance from UNICEF and the technical assistant team (TAT), which is embedded in sector institution;
• Mid-term review conducted May – July 2014. Assessment was positive;

¹ The consortium is composed of Messrs WS Atkins Int’l Ltd (UK), ITAD (UK) and Enplan Group (Nig.)
² Policy and institutional framework comprises: water sector policy; water strategy, water law and regulations.
A National Stakeholders’ meeting on the draft National Water Resources Bill was held on 5 August 2014. A final draft Bill is expected following incorporation of comments received at the meeting;

- Procurement process for supply of office equipment in progress;
- Tender dossiers for water works contracts are being finalised for launching in urban areas and small towns;
- UNICEF has launched works tenders for rural communities; evaluation of tenders is on in two States.
- Derogation of D+3 to D+4 received;
- No-cost extension of the TAT service contract concluded to allow time to execute approved negotiated procedure for additional services and possible complementary services for supervision of upcoming works contracts.

**Project title:** WATER SUPPLY AND SANITATION SECTOR REFORM PROGRAMME PHASE III (WSSSRP III)

**Decision date:** 29/11/2012

**FA signature:** 30/04/2013

**CRIS ref:** 2012/023-252

**Total budget:** EUR 52 250 000

**EU contribution:** EUR 40 000 000

**State/LGA/Communities:** EUR 11 750 000

**UNICEF contribution:** EUR 500 000

**Implementing period:** 5 years (2013 – 2018)

**Implementing agency:** UNICEF (rural WASH); NAO with support of a consortium\(^3\) led by HULLA & Co, HUMAN DYNAMICS KG (urban/small towns WASH)

**Geographical region:** Ekiti, Plateau, Adamawa (2 LGAs per State)

---

**Objective:**

- To improve water policy and institutional framework in the three states;
- To support water supply and sanitation (WSS) sector institutions in the three states to enable them to fulfil their mandates of sustainable water and sanitation services delivery.

**Expected results:**

- Improve water governance – establish policy and regulatory framework and monitoring and evaluation system in the three States;
- Increase access to water supply, sanitation and hygiene services to consumers in urban areas, small towns and rural communities.

**Main activities:**

- Support to States to develop sector policies and regulatory framework;
- Support to institutional strengthening and capacity building of sector operators;
- Implement water works contracts to improve service delivery in the selected LGAs and urban areas.

---

\(^3\) The consortium is composed of Messrs Human Dynamics KG (Austria), Hydrophil iC GmbH (Austria), CES Consulting Engineers Salzgitter GmbH (Germany), Pohl Consulting & Associates GmbH (Germany), Niche Consult (Nigeria) and TeamWork (Nigeria).
Main accomplishments to date:
- Self-selection of 6 LGAs concluded; UNICEF has appointed State and LGA level WASH consultants to assist State & LGAs Rural WASH agencies;
- Baselines survey in rural communities is on-going with the formation of community-based WASH committees;
- Programme launch done 25 September 2014 in Ekiti;
- Project staff for rural component in place while the TAT for urban/small towns component selected and is commencing activities April 2014;
- Launch of WSSSRPIII for Adamawa State conducted on 3 February 2015.

Project title: EU SUPPORT TO SCALE-UP MATERNAL AND NEW BORN CHILD HEALTH OUTCOMES FOR STATES IN NORTHERN NIGERIA (EU-MNCH)

Decision date: 29/11/2012
FA signature: 30/04/2013
CRIS ref.: 2012/023-884
Total budget: EUR 33 000 000
EU contribution: EUR 30 000 000
UNICEF contribution: EUR 1 000 000
Government contribution: EUR 2 000 000
Implementing period: 4 years (2013 – 2017)
Implementing agency: UNICEF
Geographical region: Kebbi and Adamawa States

Objective:
The overall objective is to significantly improve the health status of women and children through an improved and sustainable primary health care delivery system.

Expected results:
- Improved health seeking behaviour by women/children;
- Increased access for poor and marginalised rural women;
- Improved health service delivery;
- Improved nutritional status of women/children;
- Improved health system governance.

Main activities:
- Support to health service delivery in both states in maternal and new-born health;
- Preparation of annual plans for both states.

Main accomplishments to date:
- Project visibility launch in Kebbi and Adamawa with high level advocacy on MNCH
- Inauguration and meetings of the Programme Steering Committee;
- Implementation of nutrition programme in Adamawa state in three LGAs;
- Milestone dates agreed with Kebbi authorities to catch up implementation delays and overcome inter-institutional bottlenecks;
- Disbursement of 2nd Instalment of EUR 10m in 4th Quarter 2014;
Integration of HIV/AIDS interventions in the existing contribution agreement with UNICEF through a rider finalised in February 2015. Activities will be focussed in Adamawa State.

Project title: EU SUPPORT TO IMMUNISATION GOVERNANCE IN NIGERIA (EU-SIGN)

Decision date: 21/12/2010
FA signature: 07/03/2011
CRIS ref: 2010/022-101
Total budget: EUR 144, 100, 000
EU contribution: EUR 63, 500, 000
Other contributions: EUR 75 300 000
Government contribution: EUR 5 300 000
Implementing period: 7 years (2011 – 2018)
Implementing agencies: WHO (Polio Eradication) & TA*(Routine Immunization)
Geographical region:
   i. Polio component: Nation wide

Objective:
- The objective of the project EU-SIGN is to contribute to reduction of childhood morbidity and mortality in Nigeria due to vaccine preventable diseases.

Expected results:
- Improved State and LGA management systems and stewardship of Primary Health Care (PHC) geared towards routine immunisation including policies and practices/guidelines for PHC;
- Improved delivery of Routine Immunization (RI) services via the PHC system including infrastructure for RI, transport, and immunisation equipment;
- Improved information and knowledge generation for RI including operational research to drive policies, planning and RI programme implementation;
- Reduction of the spread of polio infections aimed at the eradication of polio in Nigeria.

Main activities:
- Implementation of start-up programme estimate (SUPE) and OPE lconcluded;
- Recruitment of Short Term technical assistance (TA) support to National Primary Health Care Development Agency (NPHCDA) and NAO in programme implementation;
- Mobilisation of the long term TA;
- Revision of tender dossiers by long term TA for works and supply procurement;
- Mobilisation of 24 non-key experts for 23 states and FCT;
- Finalisation of rider to existing Contribution Agreement with WHO for additional EUR 10m for Polio Eradication Actions in Security Compromised States in the North.

Main accomplishments to date:
- Improving quality of supervision of Routine Immunisation Activities in target states;
- Reduction in the number of Wild Polio Viruses (only 6 cases of WPV in 2014);
- No case of Polio Virus since July 2014 i.e. about 14 months;
No Case of WPV Type 3 since November 2012;
Restriction of Geographical Spread of the virus from over 9 states in 2013 to 2 states in 2014.
Tender for cold chain, transport and computer equipment launched.
Mobilisation of non-key experts for all 23 target States and FCT.

Project title: STRENGTHENING COMMUNITY-BASED PSYCHOSOCIAL SUPPORT AND PROTECTION SERVICES FOR CHILDREN AND ADOLESCENTS IN BORNO STATE, NIGERIA (2014-2015)
Decision date: 01/12/2014 (foreseen)
FA signature: 24/04/2015
CRIS ref: 2014/037-585
Total budget: EUR 1 500 000
EU contribution: EUR 1 500 000
Implementing period: 1 year (2014-2015)
Implementing agency: UNICEF
Geographical region: Borno State (North East Nigeria)

Objectives
The overall objective is to reinforce the coping mechanisms and psychosocial wellbeing of children, adolescents and families in the 300 communities most affected by violence in 11 focus LGAs of Borno.

Expected Results:
- Key care providers to the psychosocial wellbeing of children, adolescents and families in the 11 LGAs are trained in psychosocial helping skills, psychological first aid and encouragement of learning;
- Psychosocial services and learning activities for adolescents and children are deployed in the 11 LGAs in Borno State;
- Coordination mechanisms for psychosocial support to ensure provision of quality services are reinforced;
- "School in a box" kits are provided to enable teachers to provide classes to children whose schools have been destroyed and closed.

Main activities:
- Project's official commencement date now foreseen for 1 June 2015 with retroactivity foreseen in the Decision from December 2014.

Main Accomplishments to date:
- Decision has been approved and Financing Agreement signed by HQ and pending NAO signature.
- Project activities have commenced from 1 June 2015
