

EU-Indo-Pacific flagship projects

November 2025

Global - Pacific, Africa, Latin America, Caribbean

- **Private mobilisation fund** for climate resilience Investments in land-use and water
- **Sustainable Aviation Fuels**
Supporting the development, production and use of sustainable aviation fuels
- **Global Maritime Technology Cooperation Centres: phase 2**
Achieve the energy-efficiency and greenhouse-gas targets of the International Maritime Organization

Regional - Africa

- **Africa-EU space partnership programme** in the field of Space and Earth Observation to support Africa's use of new technologies and data
- **Climate adaptation and resilience in Africa**
Mobilisation of investments and insurance schemes and solutions for climate resilience
- **MAV+: manufacturing and access to vaccines**
Medicines and health technology products

Regional - Asia

- **Northern EU Digital Gateways**
Initiating trusted and secure subsea cable projects to enhance connectivity between Europe and Japan via the Arctic

Regional - Sub-Saharan Africa

- **AfricaConnect4**
Enhance research and education networks with high-speed connectivity, e-services, and data infrastructure, focusing on women's and girls' empowerment
- **Africa-Europe Digital Regulators Partnership**
Supporting the Digital Transformation Strategy for Africa 2020-2030, and Support regulator capacity building for better connectivity and broadband mapping
- **Data Governance**
Development of data policy frameworks and data use cases, and identification of investments in green and secure data infrastructure

● NaturAfrica

Support biodiversity conservation and socio-economic development through integrated landscape approach across six terrestrial biomes and four coastal and marine areas

● Digital Health for Health Systems

Strengthening and Universal Health Coverage

● Sexual and reproductive health and rights in Sub-Saharan Africa

Improve access to quality Sexual and Reproductive Health commodities by enhancing supply chain management

● Regional Teachers Initiative for Africa

Supporting improved teacher education and training, and increasing the number of qualified teachers

● Youth Mobility for Africa

Enhance learning, mobility, and higher education cooperation between Africa and the EU, promoting Africa as a study destination and youth empowerment

● VET Toolbox 2: enhanced delivery of demand-driven skills development for investment in Africa

● Digital ● Climate and Energy ● Transport ● Health ● Education and Research

The flagship projects in this infographic do not capture the whole of the Team Europe engagement in the countries. They capture concrete Team Europe investments under Global Gateway. They will be accompanied by soft measures in a 360° approach, so as to improve the policy, regulatory and business environment, develop skills, foster innovation and transfer technology. The boundaries and names shown and the designations used on this map do not imply official endorsement or acceptance by the EU. Source: European Commission – Eurostat/GISCO

EU-Indo-Pacific flagship projects

Kenya

- Construction of digital infrastructure for last mile connectivity of underserved areas
- EU-Africa-India digital corridor
- Modernisation of the Olkaria geothermal power plant
- Transfer of innovative Polish biogas technology to the agricultural sector
- Construction of Zambia – Tanzania – Kenya (ZTK) Transmission Interconnector
- Sustainable coffee: strengthening value chain and climate resilience
- Mwache water project
- Construction of Bus Rapid Transit system in Nairobi

Djibouti

- EU-Africa-India digital corridor
- Doubling the capacity of the desalination plant, construction of a solar energy plant
- Djibouti airport development project

Somalia

- EU-Africa-India digital corridor
- Somalia connectivity expansion
- Rehabilitation of irrigation infrastructure along the Shabelle and Juba rivers

Seychelles

- Port Victoria rehabilitation and extension

Tanzania

- Investing in mobile networks
- EU-Africa-India digital corridor
- CRM Partnership Roadmap
- Construction of Zambia – Tanzania – Kenya (ZTK) Transmission Interconnector
- Construction of Kakono Hydropower Plant
- Sustainable coffee: strengthening value chain and climate resilience
- Tanzanian sustainable urban food investment project
- Msimbazi Basin Development Project
- Gender Transformative Action: holistic gender support package including digital and green components

Madagascar

- Investing in mobile networks
- 320 MW increase of renewable energy production with various subprojects
- Talaky Be project: set-up of hydro-agricultural infrastructures, rehabilitation/building of rural roads and 3 300 hectares of irrigated perimeters
- Supporting Salama agency for central drug purchasing
- Safe Birth Project
- Improving the vocational and Technical Education system

South Africa

- Implementation of Time Synchronization System to improve cybersecurity level of national Air Traffic and Navigation Service
- Just Energy Transition Partnership to accelerate the decarbonisation of the country's economy
- Expansion of a biogas plant (Bio2Watt project) producing biogas from animal waste and other waste sources
- Financial platforms for green hydrogen
- MAV+: manufacturing and access to vaccines, medicines and health technology products

Mozambique

- Construction of a 10 000 km regional fiber-optic backbone across DRC, Zambia, Zimbabwe, Malawi, and Mozambique
- Construction of National Control Centre for Energy Infrastructure, power supply improvement
- Coastal Protection in Beira
- Modernisation and extension of two hydropower plants
- VaMoz Digital : investing on digital literacy and skills for youth

EU-Indo-Pacific flagship projects

Regional - South Asia

● South Asia Energy Connectivity

Support to development of regional energy market and investment environment in Bangladesh, Bhutan, India, Nepal. Support to solar PV power plants, hydro power plants and respective transmission lines for grid connection through Bhutan, extension of Chilime-Trishuli transmission line and Dudhkoshi Storage Hydroelectric Project in Nepal

Bangladesh

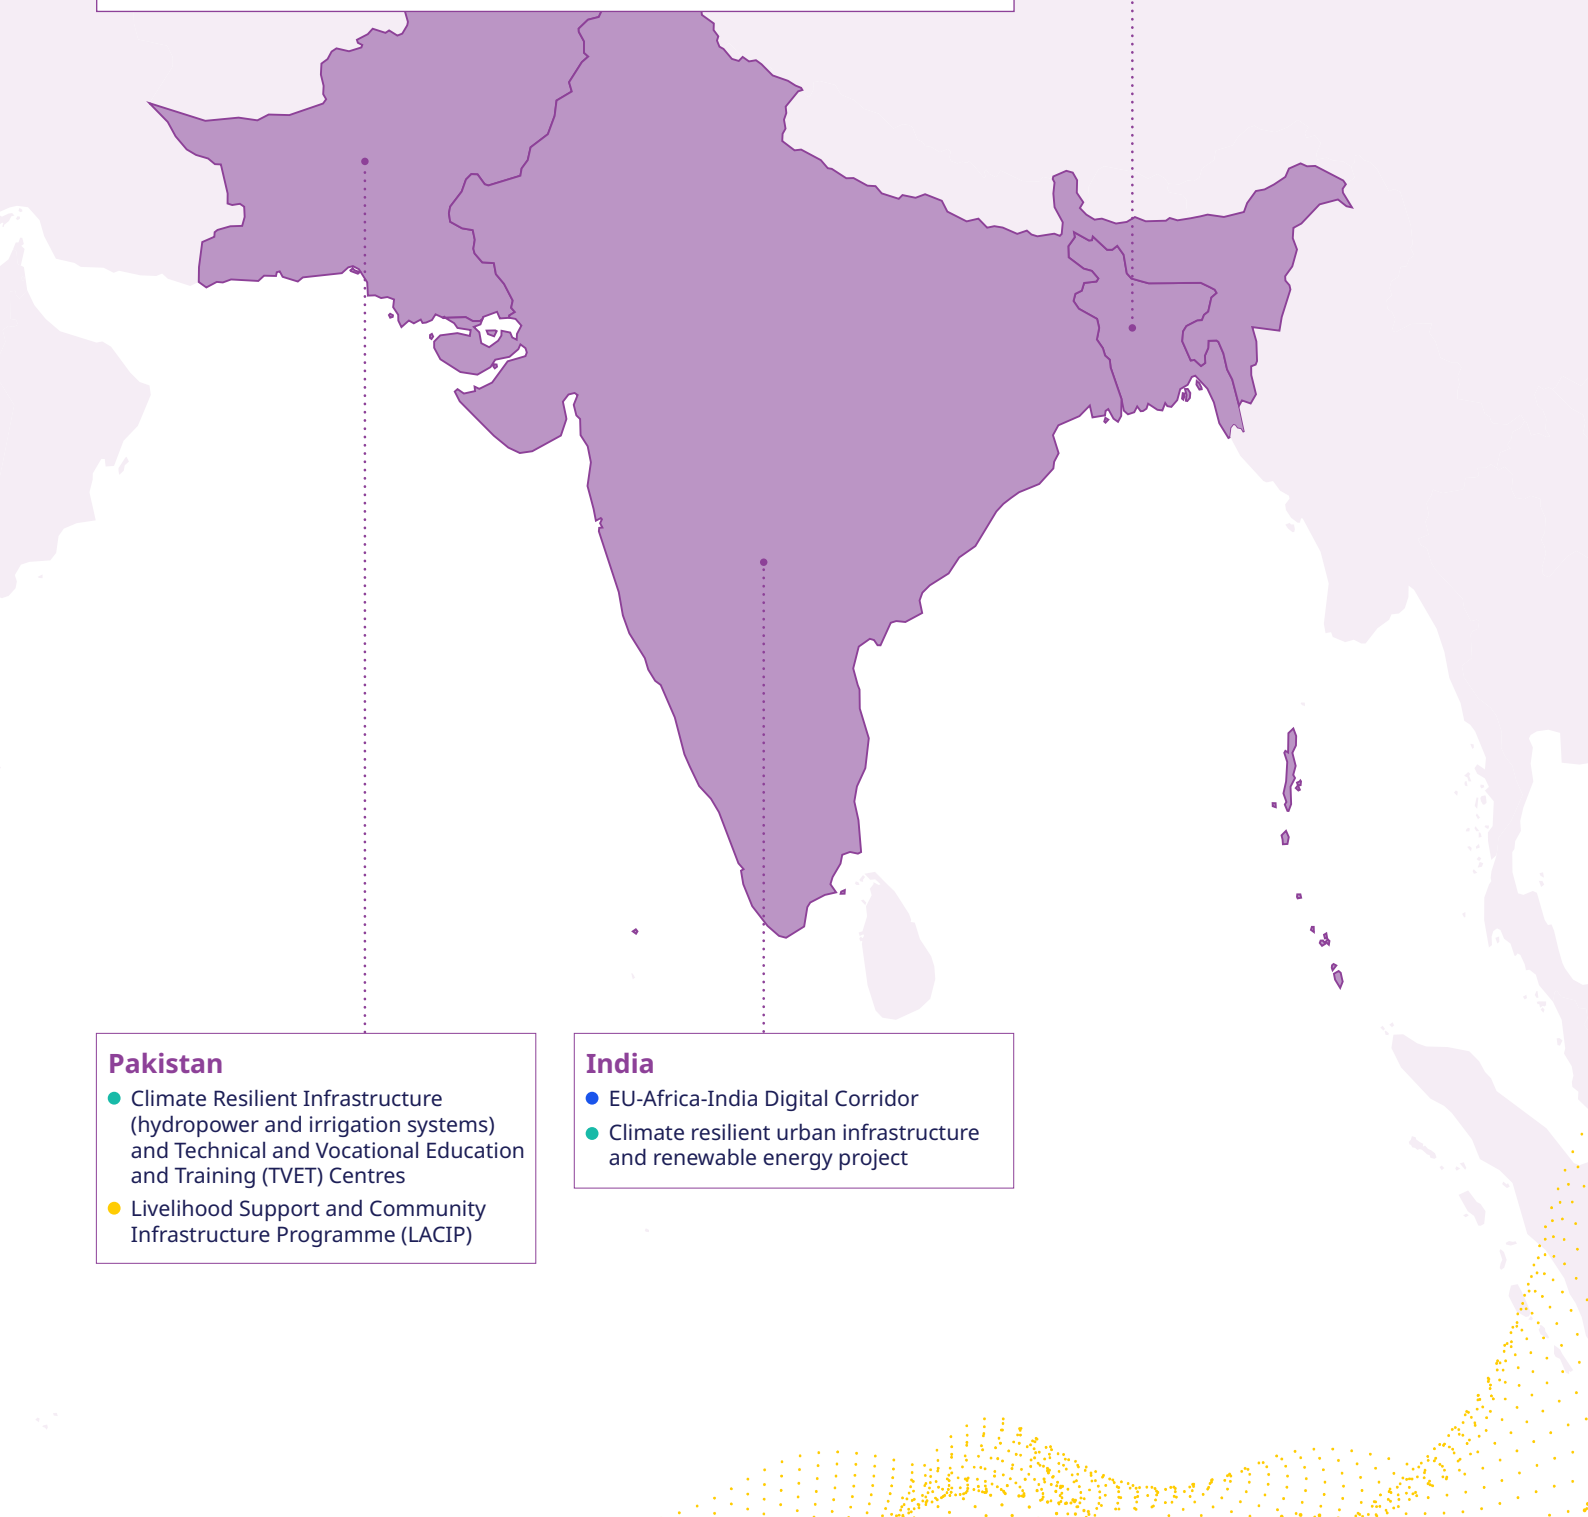

- Middle and last mile connectivity in rural areas
- Renewable Energy Facility

Pakistan

- Climate Resilient Infrastructure (hydropower and irrigation systems) and Technical and Vocational Education and Training (TVET) Centres
- Livelihood Support and Community Infrastructure Programme (LACIP)

India

- EU-Africa-India Digital Corridor
- Climate resilient urban infrastructure and renewable energy project

EU-Indo-Pacific flagship projects

Regional - South East Asia

- **Transport corridor**
Rehabilitation of the highway linking Thailand, Laos, and Vietnam

Thailand

- Upgrading of the critical infrastructure of Thailand's main energy operator, the Electricity Generating Authority of Thailand (EGAT), with smart grid technology

Laos

- Increasing investment, connectivity and trade in agriculture and forestry
- Skills for Tourism, Agriculture and Forestry (STAF) Programme

Vietnam

- Just Energy Transition Partnership (JETP) including construction of Bac Ai hydropower pump storage (1,200 MW), construction of the Tra Vinh 48 MW nearshore wind farm, and upgrading of Hydropower plant Tri An by 200MV

Philippines

- Digital Transformation and Connectivity

Cambodia

- Construction of water treatment plant in Phnom Penh
- One Health for Cambodia
- Partnership in Education for green and digital jobs

Malaysia

- Expansion of SiC (silicon carbide) Power Fab to world's largest 200-mm semiconductor production plant
- Development of the port of Lumut

Indonesia

- Smart City connectivity in Nusantara city of Indonesia
- Investment plan via the Just Energy Transition Partnership (JETP) to expand renewable energies, phase down on and off-grid coal-fired electricity generation
- Upgrading and electrification of the Regional Railway Surabaya

Papua New Guinea

- Rehabilitation of the port of Rabaul
- Development of economic corridors and agricultural trade, and strengthening integrated sustainable landscape management in Enga province

EU–Indo-Pacific flagship projects

Regional - Pacific

- **Digital connectivity**
Boosting digital connectivity in the Pacific
- **Climate**
Strengthen the climate resilience of Pacific Islands' ecosystems, economies, and communities

Kiribati

- Christmas Island Port

Fiji

- Construction of Qaliwana and Vatutokotoko hydro power plants in Viti Levu
