

AIM 2026 – MONTENEGRO INVESTMENT CONFERENCE

EU–Montenegro Investment Conference

“From Partnerships to Projects: Investing in Montenegro’s European Future”

20–21 OCTOBER 2026 | ONE&ONLY PORTONOVİ, MONTENEGRO

CONFERENCE OVERVIEW

AIM 2026 is Montenegro’s flagship platform for connecting policy reform with international investment, co-organised by the Government of Montenegro and the European Commission, with the support of the Montenegrin Investment Agency.

Building on the strong outcomes of AIM 2025 (including the signing of ten Memoranda of Understanding and the launch of four Sustainable Investment Partnerships), AIM 2026 marks a decisive shift from dialogue to delivery. The conference will focus on converting strategic commitments into investment-ready projects and fostering partnerships that support Montenegro’s sustainable and inclusive economic development.

AIM 2026 will convene Ministers, senior representatives of the European Commission, leaders of international financial institutions, institutional investors, multilateral development banks, chief executives of leading international companies, and other distinguished stakeholders. Together, they will identify practical measures to mobilise capital, accelerate project delivery and strengthen Montenegro’s competitiveness on its path to European Union membership.
