Regulation (EU, Euratom) 2024/2509 of the European Parliament and of the Council of 23 September 2024 on the financial rules applicable to the general budget of the Union (Financial Regulation).

Participation of natural and legal persons in the award of procurement contracts by EUCAP Somalia is open without limitations. Moreover, no rule of origin for the goods shall apply.

5. Candidature

All eligible natural and legal persons (as per item 4 above) or groupings of such persons (consortia) may participate or tender.

A consortium may be a permanent, legally established grouping or a grouping which has been constituted informally for a specific procurement procedure. All members of a consortium (i.e., the leader and all other members) are jointly and severally liable to the contracting authority.

The participation or tender of an ineligible natural or legal person will result in the automatic exclusion of that person. In particular, if that ineligible person belongs to a consortium, the whole consortium will be excluded.

6. Number of requests to participate or tenders

No more than one request to participate or tender can be submitted by a natural or legal person whatever the form of participation (as an individual legal entity or as leader or member of a consortium submitting a request to participate or tender). In the event that a natural or legal person submits more than one request to participate or tender, all requests to participate or tenders in which that person has participated will be excluded.

In case of lots, the candidates or tenderers may submit only one request to participate or tender per lot. Contracts will be awarded lot by lot and each lot will form a separate contract. If the tenderer is awarded more than one lot, a single contract may be concluded covering all those lots.

7. Period of implementation of tasks

24 months from contract signature

8. Language of the procedure

All written communications for this tender procedure and contract must be in English.

9. Additional information

Financial data to be provided by the candidate in the request to participate form or in the tender submission form must be expressed in EUR. If applicable, where a candidate refers to amounts originally expressed in a different currency, the conversion to EUR shall be made in accordance with the InforEuro exchange rate of June 2026, which can be found at the following address: <http://ec.europa.eu/budget/graphs/inforeuro.html>.

SELECTION CRITERIA

10. Selection criteria

Capacity-providing entities

An economic operator (i.e. candidate or tenderer) may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. If the economic operator relies on other entities, it must in that case prove to the contracting authority that it will have at its disposal the resources necessary for the performance of the contract by producing a commitment by those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility and notably that of nationality as the economic operator relying on them and must fulfil the selection criteria for which the economic operator relies on them. **Furthermore, the data for this third entity for the relevant selection criterion should not be included in the request to participate form but in a separate document.** Proof of the capacity will also have to be provided when requested by the contracting authority.

With regard to technical and professional criteria, an economic operator may only rely on the capacities of other entities where the latter will perform the tasks for which these capacities are required.

With regard to economic and financial criteria, the entities upon whose capacity the economic operator relies, become jointly and severally liable for the performance of the contract.

The selection criteria are described in section 12.2 of the instruction to tenderers
