It may have an impact on mission members' working conditions, including financial and leave entitlements. The CTA mentioned in this call for contribution is valid on the date of its publication.

High/Critical Threat Non-Family Mission

EUBAM Libya bears a High/Critical Threat Non-Family Mission status due to the present threat rating of the mission area as high/critical. As such, international seconded and contracted mission members shall at no time receive visits or be habitually accompanied by any family member in the mission area for the duration of their present tour of duty or contract.

Seconded personnel – For seconded positions, only personnel nominations received through official channels from EU Member States will be considered. EU Member States will bear all personnel-related costs for seconded personnel, including salaries, medical coverage, travel expenses to and from the Mission area (including home leave) and allowances other than those paid according to the Council documents ST 7291/09 (10 March 2009), as amended by ST 9084/13 (30 April 2013) and by ST 14108/25 (30 October 2025).

Contracted personnel – Council Decisions establishing civilian CSDP missions stipulate that the missions will consist primarily of staff seconded by EU Member States or EU institutions and the EEAS. International and local staff may exceptionally be recruited on a contractual basis if the functions required cannot be provided by personnel seconded by EU Member States.

The OPLAN and the employment contract with the Mission establishes the conditions of employment, rights and obligations, remuneration, allowances, travel and removal expenses and the applicable high/critical threat insurance policy.

In line with the policy on increasing the presence of secondment experts in civilian CSDP to strengthen the ownership of EU Member States over missions, the overall duration of subsequent contracts with one mission cannot exceed a maximum cumulative period of six years.

Moreover, the duration of any contract cannot exceed the duration of the mandate of the mission and that there is no legitimate expectation or a right for a new contract. This rule will apply to all types of missions (low, moderate, significant, high and critical threat missions).

Once the maximum cumulative period of subsequent contracts of six years in a mission has been exhausted, the international contracted staff will not be eligible for a post in that mission and cannot be offered a new contract in that mission. However, she or he may apply to other missions.

Specificities for high or critical threat missions

International contracted staff having exhausted their maximum cumulative period of six years of subsequent contracts in one or more high or critical threat missions can apply for posts in other high or critical threat missions only after a period of one year has passed since the end of the last contract with a high or critical threat mission ("cooling off period") at the date of their application. For the purpose of this paragraph, consecutive contracts are defined as contracts between which the time elapsed is less than one year.

Should the threat assessment of a mission change during the contract of an international contracted staff from lower, moderate or significant to high or critical or vice versa, only the high or critical threat periods will be accounted for the maximum cumulative period of six years. The period will be counted from the date when the CivOpCdr informs the respective mission about the change in the threat level.

Contracted candidates for which the selection procedure and/or deployment would result in exceeding the maximum cumulative period as described above, preventing a full twelve month deployment, will not be eligible.

Documents supporting educational qualifications and work experience should be accompanied by certified translations of the original documents in the English language, if issued in another language, in accordance with the European Commission Guidelines for Lifelong Learning, which ensures transparency in higher education and fair and informed judgements about qualifications.

Tour of duty/contract period – Subject to the adoption of the Council Decision extending the Mission mandate and approving the appropriate Budgetary Impact Statement, the duration of the deployment should be of 12 months.

III. ESSENTIAL DOCUMENTS AND EQUIPMENT FOR SELECTED CANDIDATES

Passport – Selected candidates must have a biometric passport from their respective national authorities valid for at least six months. If possible, a Service Passport or Diplomatic Passport should be issued.

Visas – Contributing States and selected candidates must ensure that visas are obtained for entry into the Mission area prior to departure from their home country. It is also essential to obtain any transit visas, which may be required for passage through countries on route to the Mission.

The Mission initiates the visa procedure for Libya for selected candidates through the Libyan Ministry of Foreign Affairs in Tripoli. Visas are to be collected from the Libyan embassy or consulate in home countries. Supporting documents will be requested (i.e. scan copy of passport, Libyan visa application form). The issuance of a Libyan visa can be a lengthy process, which is beyond the Mission's control.

The employment contracts and secondments will be conditional on obtaining a valid Libyan visa. After deployment, during the visa renewal process, the staff might be requested to be temporarily reassigned to their country of habitual residence/fiscal residence, which might have financial implications (decreased allowances). If the necessary visa cannot be obtained within the defined period of time, the specific rules on visa requirements mentioned in the Mission's Standard Operation Procedure (SOP) will be applied.

Education diploma(s)/certificate(s) and/or professional certificate(s) – Selected international contracted candidates must have and present to the Mission the university diploma or the professional certificate/diploma, depending on the job description, before signing the contract or taking up their duties.

Required Personnel Security Clearance (PSC) or Certificate of Good Conduct – Selected candidates will have to be in possession of the necessary level of a Personnel Security Clearance (PSC) as specified in the respective job descriptions. In case of lack of such requirement in the job description, selected candidates are required to present a valid official document from their respective country's competent National Authority confirming the lack of convictions for crimes or offences under common law, not older than 3 months (the so-called **Certificate of Good Conduct**).

In case of the PSC requirement: seconded experts must provide the original certificate of the national security clearance or a proof of the initiation of the process upon deployment. For contracted experts, the process will be initiated by the Mission upon deployment. Please note that the role of the Mission is limited to initiation of the process and the Mission declines all responsibility regarding its final outcome.

In any case, the final PSC certificate must be presented within 12 months from the deployment. Failing to meet this requirement will result in the termination of the secondment/contract and no extension can be granted. Please note that Heads of Mission, Deputy Heads of Mission and Senior Mission Security Officers must always provide a valid PSC upon their deployment – a proof of initiation of the PSC is not accepted.

In case of the **Certificate of Good Conduct**, seconded experts must deliver such a certificate to their respective Seconding Authority. Contracted experts must deliver such a certificate to the Mission's Human Resources before their deployment. In case of possession of multiple nationalities, or if a candidate has or had his/her residence in a country, which is not his/her country of origin, a certificate must be issued by every country where the selected candidate has had his/her residence for a period longer than 1 year during the last 5 years preceding the deployment (except if he/she resided there prior to reaching the age of 18 years).

Certificate/booklet of vaccination – Selected candidates must be in possession of a valid certificate/booklet of vaccination showing all vaccinations and immunisations received. They also must be vaccinated according to the required immunisations for the Area of Operation of the Mission.

Medical certificate – Selected candidates should undergo an extensive medical examination and be certified medically fit for Mission duty. A dental examination is also required to certify that no eminent dental issues are foreseen.

For selected contracted candidates, in compliance with “Fit to work clearance procedure”, a copy of the result of the medical examinations as well as the fitness to work certificate, for seconded selected candidate, the fitness to work certificate must be sent to the Medical Adviser of the Mission before joining the Mission. Medical data will be handled with confidentiality and in line with EU Charter of Fundamental Rights and the Standard Operating Procedure on the protection of personal data (CivOpCdr Instruction 12-2018 as amended.)

The Heads of Mission reserve the right to reject the recruitment of any selected candidate that proves to be medically unfit to work in a civilian CSDP Mission.

Personal protection equipment – It is recommended that national authorities provide seconded selected candidates with protection equipment.

Weapons – Some jobs require the candidates to carry firearm authorised by the local authorities. In these jobs, this authorisation is an essential requirement to fulfil the contract. Therefore, the contract of contracted candidate will be considered conditional on obtaining the necessary permits.

Deficiencies in any of the documents requested for a specific position may result in failure of the selection process.
