1. Background, objectives and scope

The Directorate-General for Enlargement and the Eastern Neighbourhood (DG ENEST) has set up a European Union Diplomatic Programme for the Enlargement Region (**Albania, Bosnia and Herzegovina, Georgia¹, Kosovo*, the Republic of Moldova², Montenegro, North Macedonia, Serbia, Ukraine and Türkiye**).

The Ministries of Foreign Affairs and other State Ministries and State Institutions of the above-mentioned beneficiaries are the primary target group of this programme. For each of the successive cohorts of the action between **1 and 3 diplomats/officials** of the respective Ministry of Foreign Affairs (MFA) and/or other State Ministries and State Institutions will be selected to participate in the programme.³

The overall objective of the European Union Diplomatic Programme for the Enlargement Region is to foster regional cooperation among diplomats and officials of the enlargement region and with their EU peers by creating a unified '*esprit de corps*' and strengthening their knowledge in EU affairs. The Programme is especially tailored towards diplomats/officials working in the field of foreign policy and EU accession. Priority is given to Junior diplomats willing to join the programme.

This **call aims to select up to 15 participants** from the enlargement region to participate to the third edition of the programme due to **start on 1 February 2027 and to end on 2 July 2027 (tbc)**.

The European Union Diplomatic Programme for the Enlargement Region is a **full-time residential programme of five months** that will be delivered by the College of Europe, Bruges Campus (Belgium), a world leading post-graduate institute specialised on EU affairs. As such, the programme **requires a physical presence of five months in Bruges**.

Given the full-time nature of the programme, **Ministries of Foreign Affairs and/or other relevant State Ministries and Institutions are expected to support their staff's candidatures throughout the selection process and, if selected, ensure that participants**

¹ Subject to the evolution of the political situation in the country

² Hereinafter referred to as "Moldova"

³ Participation is open primarily to junior diplomats. Whereas relevant, participation can also be extended to staff from the Ministries of Foreign Affairs (and/or other State Ministries and State Institutions), even if they do not have the status of diplomats, provided they work on foreign affairs and EU accession/integration.

* This designation is without prejudice to positions on status, and is in line with UNSCR 1244/1999 and the ICJ Opinion on the Kosovo declaration of independence

are granted leave from their duties for the full five-month duration of the programme.

The backing of the relevant administrations is essential — not only to encourage applications and enable participation, but also to ensure that the knowledge and experience gained by participants through the programme is shared with their peers for the benefit of the sending institutions.

The costs for participation in the programme are covered by the College of Europe through funding from DG ENEST (see Annex 1 for detailed information on costs covered by the programme).

The programme builds upon the successful experience of the European Union Diplomatic Academy (EUDA), implemented by the College of Europe for diplomats of the EU Member States and officials of the EU Institutions. This flagship programme launched by the European External Action Service (EEAS) in 2022 fosters a shared European diplomatic culture and strengthens the expertise on EU external action. The European Union Diplomatic Programme for the Enlargement Region will include joint modules with the EUDA, establishing a framework of exchange between European diplomats from the enlargement region and current EU Member States.
