

Strengthening EU–Indonesia Investment Relations

The **EU Investment Desk** is a strategic initiative established within The **Indonesian Ministry of Investment and Downstream Industry/Indonesia Investment Coordinating Board (BKPM)**. This project is supported by the **European Union** through the **EU–Indonesia Cooperation Facility (EUICF)**. It acts as a pivotal bridge to facilitate **European Union foreign direct investment (FDI)** into Indonesia and to strengthen bilateral economic cooperation between the two entities.

Aligned with the **EU's Global Gateway strategy**, the Desk also aids in implementing the **Attraction Plan for EU Investment in Indonesia**. This collaborative roadmap, developed by the EU and BKPM, aims to match high-potential sectors with shared policy priorities for a more robust economic partnership.

Our Vision

To **solidify the European Union's position as a key investment partner in Indonesia**.

To achieve this, we are committed to:

-  Strengthening business linkages between the EU and Indonesia.
-  Facilitating informed investment decision-making.
-  Showcasing the strengths of EU technology, capital, and expertise in support of Indonesia's strategic sectors.

Together, we aim to cultivate **mutual growth**, where European investment is pivotal to **Indonesia's economic transformation**, while also unlocking high-quality opportunities for EU businesses in one of Asia's most promising markets.

Our Mission

To **deepen economic ties** between the EU and Indonesia by:

-  Addressing regulatory and operational barriers to investment.
-  Enhancing access to sector-specific intelligence and business opportunities.
-  Facilitating sustainable, inclusive investment that aligns with Indonesia's development goals.

This mission is consistent with the European Union's broader strategic vision, particularly the **Global Gateway** initiative, which advocates for high-quality, sustainable investment and global connectivity.

» Our Role

Operating at the crossroads of **policy, promotion,** and **facilitation**, the Desk focuses on:

Supporting **market entry** and **expansion** for EU investors in Indonesia.

Identifying and promoting **investment-ready projects (IPROs)**.

Coordinating high-impact **investment events and seminars** both in Indonesia and Europe.

Providing **policy feedback** to Indonesian authorities to help improve the investment climate.

» Our Services

The EU Investment Desk offers tailored support, including:

Guidance on **licensing procedures, tax regimes, and sector-specific policies.**

Targeted **B2B matchmaking and investment facilitation.**

Proactive investor engagement through **data-driven outreach** and collaboration with **EU chambers of commerce, trade commissioners, and business networks.**
