Come to study and teach in Europe

Erasmus+ is the European Union's programme for education, training, youth and sport for 2021–2027.

It offers a range of opportunities for higher education students, staff and institutions from around the world.

STUDENTS AND DOCTORAL CANDIDATES

DO YOU WANT TO UNDERTAKE STUDIES OR A TRAINEESHIP IN EUROPE THAT WILL COUNT TOWARDS YOUR DEGREE BACK HOME?

- Your own higher education institution may have cooperation agreements with European universities under Erasmus+. If so, you can apply for a grant for short-term **credit mobility of 2 to 12 months** (or **between 5 and 30 days** if part of blended mobility (*)), allowing you to spend part of your study period (at bachelor's, master's or doctorate level) at a partner institution in Europe. The EU grant covers travel and subsistence costs. Your academic activities at your host institution will be fully recognised and contribute to your degree once you return to your home institution. Under this agreement, your university may also receive European students.

To apply, contact your institution's international relations office for more information.

* Blended mobility is a combination of physical mobility with a virtual component facilitating a collaborative online learning exchange and teamwork.

DO YOU WANT TO FOLLOW AN ENTIRE DEGREE PROGRAMME?

- You can either apply for a scholarship or enrol as a self-financing student in one of the Erasmus Mundus Joint Master programmes offered by an international consortium of higher education institutions.
- You will study in at least two different countries and be awarded a joint or double/multiple degree at the end of your studies.
- The EU-funded scholarship covers travel, visa, installation and subsistence costs.

Apply directly to the consortium, which carries out a competitive selection procedure for scholarship places, open to candidates from all parts of the world. **The list of study programmes can be found here:** Erasmus Mundus Joint Masters catalogue

ARE YOU INTERESTED IN A CAREER IN RESEARCH?

Apply for a doctoral or post-doctoral fellowship or other research grants available under the Marie Skłodowska-Curie Actions, part of the EU's Horizon Europe framework programme for research and innovation. Check the specific conditions here:

<https://ec.europa.eu/research/mariecurieactions/>.

HIGHER EDUCATION INSTITUTION STAFF

DO YOU WANT TO ENRICH YOUR EXPERIENCE AND DEVELOP YOUR PROFESSIONAL SKILLS?

- Your own higher education institution may have cooperation agreements with European partners under Erasmus+. If so, you can apply for a grant to spend a period (5 days to 2 months) at this partner institution to deliver teaching or training (**), or to follow training for career development purposes.
- The EU grant covers travel and subsistence costs.
- Under this agreement, your university can also receive European staff.

To apply, contact your institution's international relations office for more information.

- Academics can also apply to act as scholars or guest lecturers in any of the ongoing Erasmus Mundus Joint Master programmes.

Apply directly to the consortium delivering the joint programme. **The list of study programmes can be found here:** Erasmus Mundus Joint Masters catalogue

<https://ec.europa.eu/erasmus-mundus>

** Any teaching or training period abroad may be conducted as blended mobility.

PARTICIPANTS IN JEAN MONNET ACTIVITIES

ARE YOU INVOLVED IN TEACHING OR RESEARCHING EUROPEAN INTEGRATION ISSUES?

- You may become part of a high-level academic community.
- Your institution can apply for teaching and research via a Jean Monnet Module, a Chair, a Centre of Excellence or a Network.

To apply, contact your institution's international relations office for more information.
