

Expanded Institutional Capacity Building Programme SADC, (EICB)

EU contribution: € 2 500 000 (approx. BWP 40 million)

Period of implementation: 2024-2027

Location: Southern African Development Community (SADC)

Implementing organisation(s): Southern African Development Community (SADC),
Deutsche Gesellschaft Internationale Zusammenarbeit (GIZ)

Project objectives and description:

This action aims to assist the SADC Secretariat strengthen its crosscutting institutional capacities, such as monitoring and evaluation systems, project management, study and research capacity in key regional policy areas, the cooperation with NSAs including the private sector/industry, academia and independent think tanks, and resource mobilization.

Supporting the modernization of the RECs and their institutions, including improving their institutional set up to align their management and administrative systems with international standards will result in these organizations being able to play a more effective policy coordination and strategic role in their regions.

Achievements / expected results:

- Improved implementation, monitoring, evaluation, and reporting of projects and the RISDP 2020-2030.
- Sustainable Financing of the RISDP 2020-2030.
- Enhanced participation of Non-State Actors in Pursuing the Regional Integration Agenda.
- Enhanced evidence-based decision making in pursuit of SADC's regional integration agenda.
