BACKGROUND

The Local Short-Term Expert will work as part of the implementation team for the European Union grant-funded project “EU Support for Rule of Law” in the Republic of North Macedonia. This assignment falls under Component 1, whose objective is to improve the capacities of justice institutions to deliver justice in a transparent and accountable manner. Specifically, this mission supports Activity 1.1.4, which focuses on winning and maintaining public trust by the judiciary through strengthened communication.

The Judicial Council has recently adopted the 2024–2028 Judicial Communication Strategy, which aims to establish a unified communication policy, enhance transparency, and professionalize public relations. To support the implementation of this Strategy, the Project aims to perform an evaluation of the current level of implementation, analyse current communication practices, recommend improvements, and provide targeted training to presidents of courts, judges and spokespersons to bridge the gap between the judiciary and the public/media.
