Economic and Financial pillar

Promoting growth and employment, enhancing cooperation on global financial issues, dialogue in priority industrial sectors, fostering connectivity between the two regions, etc.

Social and Cultural pillar

A wide range of enhanced contacts and dialogue between the two regions on topics such as education, social protection and employment, and co-operation on the protection of cultural heritage.

ASEM: CONNECTING ASIA AND EUROPE SINCE 1996

A major political dialogue platform

ASEM meetings and activities involve **European and Asian decision makers** at different levels: ASEM Summits, Foreign Ministers meetings, Ministerial meetings, senior officials' meetings, regular dialogues and initiatives by ASEM partners. ASEM strength is the informality at the very highest level: informal exchange of views on topical, but also on sensitive issues.

ASEM also facilitates **dialogue between people**: students, think tankers and policy makers.
