Medium Risk Non-Family Mission

EUMA bears a Low and Medium Risk Non-Family Mission status. As such, the Mission takes no responsibility for family members of mission members visiting or habitually residing in the country. Only international mission members are covered by the Mission status (SOMA), MEDEVAC or security/evacuation arrangements and use of Mission assets including vehicles. All costs for family members in the Mission area, including insurance, are the respective staff member responsibility.

Subject to deterioration of the security situation and possible evolution of the SIAC risk rating, the Head of Mission will propose, in consultation with the EEAS Security Department, to the Civilian Operation Commander, to take measures to change the application of the Low and/or Medium Risk Non-Family status into High Risk Non-Family status.

Seconded personnel – For seconded positions, only personnel nominations received through official channels from EU Member States will be considered. EU Member States will bear all personnel-related costs for seconded personnel, including salaries, medical coverage, travel expenses to and from the Mission area (including home leave) and allowances other than those paid according to the Council documents 7291/09 (10 March 2009) and 9084/13 (30 April 2013).

Contracted personnel – The Mission may recruit international staff on a contractual basis as required through an employment contract. The employment contract with the Mission establishes the conditions of employment, rights and obligations, remuneration, allowances, travel and removal expenses and the applicable high risk insurance policy.

Documents supporting educational qualifications and work experience should be accompanied by certified translations of the original documents in the English language, if issued in another language, in accordance with the European Commission Guidelines for Lifelong Learning, which ensures transparency in higher education and fair and informed judgements about qualifications.

Tour of duty/contract period – Subject to the adoption of the Council Decision extending the Mission mandate and approving the appropriate Budgetary Impact Statement, the duration of the deployment should be of 12 months.
