

EUROPEAN UNION Military Assistance Mission Mozambique

The European Union Military Advisory Mission in Mozambique (EUMAM Mozambique) is a new military training mission launched in September 2024. It replaces and builds upon the previous European Union Training Mission in Mozambique (EUTM Mozambique), which concluded its operations 1 September 2024. EUMAM Mozambique falls under the EU's Common Security and Defence Policy (CSDP), which allows the EU to take action on security challenges around the globe upon request and in support of partner countries.

MISSION MANDATE

EUMAM Mozambique aims to provide comprehensive military training and advisory support to the Mozambican armed forces (FADM). The mission's objective is to help the Quick Reaction Forces (QRF) of the Forças Armadas de Defesa de Moçambique (FADM) to achieve a sustainable operational cycle in accordance with International Humanitarian Law not later than June 2026. This covers the preparation, deployment and support. In this way, a significant contribution to a safe and secure environment for the people of Cabo Delgado is made.

EUMAM Mozambique will build upon the successes achieved by EUTM Mozambique. Key achievements of EUTM Mozambique included:

- Training and equipping Mozambican troops: Since 15 October 2021, EUTM Mozambique trained the Mozambican armed forces and their leadership on operational preparation.
- Enhancing the FADM's capacity to conduct counter-terrorism operations
- Promoting human rights and international humanitarian law compliance
- Supporting the FADM's efforts to protect civilians
