

## ELISIO DOS REIS PEREIRA

### *Medical student.*

Elisio was born in a small village called Mabelis, located in very remote area in the administrative of Lolotoe, Municipality of Bobonaro. He is currently at his career as Medical student, as he will be soon become a medical doctor. As a young man, Elisio is of course also active in youth engaged activities in Timor-Leste. However, unlike other young people in general, Elisio prefers to more active in the activities of political party. For him, development can be implemented well only if it is supported by good policies for the community. Therefore, he has already begun preparing himself to compete in a political career in the future. Currently he is a member of the youth organization affiliated to one of the strong political parties in Timor-Leste.

He gained the experience of leadership through Student council where he was selected as the president of Student Council at Senior High School. He was elected and served as president of the Medical Students Association at the National University of Timor-Leste in 2024. Elisio has sufficient ability to speak English, Spanish and Portuguese.

He was Inspired by the YSB objective that focusing on education development and community empowerment. As one of young talented youth, he of course will apply innovative ideas and working together with stakeholders to help YSB to overcome challenges and reach lofty goal.
