

Soft Launch of the AI Policy Portal

Room XXVII, Palais des Nations, Genève, Switzerland

12 December 2022 13:30-14:30 Geneva & Online

YOU ARE INVITED

WHAT: The United Nations Institute for Disarmament Research (UNIDIR) and the Delegation of the European Union to the UN and Other International Organisations in Geneva are pleased to invite you to the soft launch of the **UNIDIR Artificial Intelligence Policy Portal** (AI Policy Portal).

Building on the success of the UNIDIR Cyber Policy Portal, UNIDIR Security & Technology Programme is developing an AI Policy Portal to support transparency, information sharing, confidence, and capacity-building in the field of Artificial Intelligence (AI). The Portal will gather available information at the national, regional, and international levels on policies, processes, and structures that are relevant to the development and use of AI for military purposes.

As part of the development of the AI Policy Portal, the UNIDIR Security and Technology Programme and the Delegation of the European Union to the UN and Other International Organisations in Geneva are organizing an event to introduce the tool and showcase its structure. During the event, the Member States will be presented with a survey that will allow them to contribute to the completion of their national profiles.

WHEN: **12 December 2022, 13:30-14:30 (CET)**; light lunch will be served for in-person participants from 13:00 to 13:30. Please consult this [website](#) to find your local time.

WHERE: **Hybrid format** – In-person (Room XXVII, Palais des Nations, Geneva) & Webex.

SPEAKERS: Please visit the [event page](#) for the updated list of speakers.

PARTICIPANTS: UNIDIR encourages the participation of representatives and government experts working on or interested in issues pertaining to advancement of digital technologies, particularly artificial intelligence, and their implications for international peace and security.

RSVP: Please register [here](#). You are kindly requested to specify if you will be attending in person or connecting remotely. Due to limited in-person capacity, early registrations are encouraged. The link to access the online broadcast of the event will be provided by email to the registered participants one day prior to the event.
