Marsabit County at a glance

Marsabit borders Ethiopia to the north and north east, Wajir County to the east, Isiolo County to the south east, Samburu County to the south and south west and Lake Turkana to the west and north west

**Area:** 66,923.1 Km²

**Population:** 291,166

(Male - 52%, Female - 48%)
Accountability and Governance

The Constitution of Kenya (2010) has provided the opportunity for resources to be transferred to a new level of government at the grassroots. While devolution has created a new reform space for more responsive, equitable, efficient and accountable local service delivery, converting this into actual transformation at the grassroots will depend on the quality of county institutions charged with this responsibility.

Since devolution entails the simultaneous transfer of power and resources to an entire new level of government, counties face unique challenges that demand innovative solutions. The EU is therefore working with the Government of Kenya to promote transparency and accountability in the management of county public finances. Sound economic and political governance will allow the residents of all counties to reap the benefits that devolution promises to bring to the people.

Sustainable Infrastructure

The EU together with its development partners, has committed to continue supporting Kenya in its infrastructure projects with a focus on energy, transport, water and sanitation and housing. This is in line with Vision 2030 (MTP III) and the government’s Big Four agenda.

The EU is also supporting the country towards the modernisation its energy infrastructure with a special focus on development of renewable, affordable and reliable energy sources. This support is also targeting access to energy in rural areas in Kenya in order to increase the economic and social development of communities, households, and to spur the creation and growth of energy-based and reliant small enterprises.

Through this support and partnership, the Government of Kenya will be able to achieve its aspirations in poverty reduction and accelerated and inclusive economic growth through more sustainable and efficient energy and transport infrastructure.

Employment Creation

Employment creation, particularly among youth, is one of the top priorities of the Government of Kenyan. In addition, Vision 2030 through the Third Medium Term Plan (MTP III), highlights the need for institutional and economic reforms to accelerate growth for job creation, notably in the informal sector. The government is committed to create more new jobs annually to address the pressing problem of youth unemployment.

It is in line with these efforts that the EU will seek to promote growth and employment through identification of opportunities in sectors with great employment potential, such as agriculture and agri-business; sustainable housing; sustainable infrastructure; and the manufacturing sector.
Young people may access two main types of funding:

Other funds are managed directly by the EU. These are provided in the form of:

In Kenya over 80% of the EU budget is managed in partnership with the government of Kenya. This is largely through the European Development Fund. The EU in partnership with the government of Kenya is working towards more climate-resilient agricultural production and enhanced adaptation to climate change while following a low-carbon development pathway in light of the fact that Kenya’s agriculture is mostly rain-fed.

Specific EU investments will go towards improved food security at national and county level. This will be with the view to achieve sustainable drought management; increased food security and nutrition; livelihood diversification and value chains; and research and adoption of climate-smart agriculture.

EU Supported Projects in Marsabit County

**Road Transport**

10TH EDF - REGIONAL ECONOMIC INTEGRATION BY MEANS OF TRANSPORT INFRASTRUCTURE

Regional Roads Component (Merille – Marsabit Road) - EU contribution is €82.5 M (equivalent to 66% of the total cost of the project); upgrading of Merille River - Marsabit Road (A2) in Kenya (Marsabit) – 121 km; upgrading of Town roads in Marsabit Town (6 Km)

ENDING DROUGHT EMERGENCY: SUPPORT TO CLIMATE PROOFED RURAL ROADS IN ARID AND SEMI ARID AREAS IN KENYA €30M

**Support to food security and Resilience**

ENDING DROUGHT EMERGENCIES: SUPPORT TO DROUGHT MANAGEMENT AND COORDINATION €30M

Grants to support Pillar 5 and 6 for Drought Risk Management, and Institutional Development and Knowledge Management.

Arid counties: Baringo, Garissa, Isiolo, Marsabit, Samburu, Tana River, Turkana and Wajir. Wajir

Semi-arid counties: Embu, Kilifi, Kwaile, Laikipia, Lamu, Makueni, Meru, Narok, Nyeri, Taita Taveta, Tharaka Nithi, Kitui, Kajiado and West Pokot.

Implementing Partner: National Drought Management Authority (NDMA)

ENDING DROUGHT EMERGENCIES: SUPPORT TO RESILIENT LIVELIHOODS AND DROUGHT RISK MANAGEMENT (AAP 2017) €37.5M

The overall objective is that communities in ASAL areas of Kenya are more resilient to drought and other effects of climate change, through improved food and nutrition security and sustained livelihoods contributing to enhanced peace and stability.

Component 1: West Pokot, Baringo, Isiolo and Tana River

Implementing Partner: National Drought Management Authority (tbc)

Component 2: 23 ASAL Counties (Baringo, Embu, Garissa, Isiolo, Kajiado, Kilifi, Kitui, Kwaile, Laikipia, Lamu, Makueni, Mandera, Marsabit, Meru, Narok, Nyeri, Samburu, Taita Taveta, Tana River, Tharaka Nithi, Turkana, Wajir, West Pokot

Implementing Partners: Call for proposals

**Water and sanitation**

SHARE KENYA €40M

Water and Sanitation Services for the ASAL Areas €6M

Locations: Wajir, Marsabit, Isiolo, Lamu, Tana River, Garissa

Implementing partner: DANIDA - WSTF KONGERIGET DANMARK

KENYA RURAL DEVELOPMENT PROGRAMME €37.5M

The general objective of the Kenya Rural Development Programme will be to contribute to improved food security in Kenya. The project purpose is to increase productivity and efficiency of food systems in Kenya.

Programme estimate 4 – ASAL drought management €4.5M

Implementing Partner: National Drought Management Authority (NDMA)

Resilience Building

Agriculture is the bedrock of Kenya’s economy and contributes to a large percentage of Kenya’s GDP. It is also the source of livelihood for a majority of Kenya’s population.

The EU in partnership with the government of Kenya are working towards more climate-resilient agricultural production and enhanced adaptation to climate change following a low-carbon development pathway in light of the fact that Kenya’s agriculture is mostly rain-fed.

Specific EU investments will go towards improved food security at national and county level. This will be with the view to achieve sustainable drought management; increased food security and nutrition; livelihood diversification and value chains; and research and adoption of climate-smart agriculture.

Partnering with the EU

The EU provides funding for a broad range of projects and programmes covering areas such as: regional & urban development; employment & social inclusion; agriculture & rural development; maritime & fisheries policies; research & innovation; humanitarian aid.

Funding is managed according to strict rules to ensure there is tight control over how funds are used and that the money is spent in a transparent, accountable manner.

In Kenya over 80% of the EU budget is managed in partnership with national and regional authorities through a system of “joint management”, largely through the European Development Fund implemented through the EU-GoK Country Strategy Paper.

Other funds are managed directly by the EU. These are provided in the form of:

- Grants for specific projects in relation to EU policies, usually following a public announcement known as a ‘call for proposals’.
- Contracts issued by EU institutions to buy in services, goods or works they need for their operations – like studies, training, conference organization, IT equipment.
- Contracts are awarded through calls for tender.

Young people may access two main types of funding:

- Education & training - study opportunities through Erasmus+, support for pupils nearing the end of secondary education, and vocational training in another country
- Youth - co-funding of projects which encourage civic involvement, volunteer work and a broader multicultural outlook.
ASAL Drought Contingency Fund Project €10M
Arid counties: Baringo, Garissa, Isiolo, Mandera, Marsabit, Samburu, Tana River, Turkana and Wajir.
Semi-arid counties: Embu, Kilifi, Kwale, Laikipia, Lamu, Makuenei, Meru, Nyeri, Taita Taveta, Tharaka Nithi, Kitui, Kajiado and West Implementing Partner: National Drought Management Authority

Collaboration in Cross-Border Areas of the Horn of Africa, Omo Delta Project: Expanding the Rangeland to Achieve Growth & Transformation €12M
Location: Turkana, Marsabit covering cross-border area of Ethiopia (South Omo, Bench Maji) Kenya (Turkana, Marsabit)
Implementing partner: Office of the President, County Government of Turkana and Marsabit, VSF-Germany, MercyCorps, CIFA, TUPADO, VITA, EPARDA

Promoting Access to Justice for Poor and Marginalised Communities Through Legal Aid and Assistance €8.75M
This is a contribution to the UNDP-led Amkeni Wakenya basket fund to provide legal aid in focal counties.
Counties: Wajir, Mandera, Lamu, Tana River, Garissa, Marsabit, Isiolo, Kisumu, Nairobi, Mombasa, Uasin Gishu, Nakuru
Implementing Partner: United Nations Development Programme (UNDP)

Support to Devolution

INSTRUMENTS FOR DEVOLUTION ADVICE AND SUPPORT (IDEAS) €28.6M
IDEAS – Capacity building
Implementing Partner: Ministry of Devolution and Planning (MoDP)
Grant to each County: €1M
Recipient Counties: Baringo, Kisii, Kisumu, Kwale, Laikipia, Makuenei, Marsabit, Migori, Nyandarua, Samburu, Taita Taveta, Tana River, Uasin Gishu, Wajir, West Pokot
Implementing Partners: Counties

Support to the Agriculture Sector Transformation Process and to Decentralised Land Governance €16M
Support to the attainment of Vision 2030 through devolved land reforms in community lands of Kenya
Counties: Tana River, West Pokot, Turkana, Baringo, Marsabit, Samburu, Nandi and Laikipia
Implementing Partner: The Food and Agriculture Organization of the United Nations (FAO)

Enabling Devolved Governance Through Inclusive and Systematic Citizen Participation €0.5M
Location: Marsabit and Kisumu
Implementing partner: CONCERN WORLDWIDE LBG

Research for Food Security

INTEGRATED BIOLOGICAL CONTROL APPLIED RESEARCH PROGRAMME (IBCARP) €12M
Location: Kenya (Siaya, Homa Bay, Kwale, Marsabit), Ethiopia, and Tanzania
Implementing partner: The International Centre of Insect Physiology and Ecology
